But Wait, There's More... is award-winning East Texas-based folk/Americana songwriter & arts columnist Randy Brown's latest musical exploration of science, faith, philosophy and the nature of reality. 13 original songs with treatments ranging from a single guitar and vocal up to a full band with accents provided by cello, accordion and piano. Topics range from light-hearted to humorous and from contemplative to speculative with interesting twists thrown in along the way.

Track List

- 1 **Lloyd** 2:07 - what if God were a country boy and his name was really Lloyd?
